# Macro Recycling Sites

Clamps for 4 wheeled bins up to 1300 litres

Tough tubular construction – made in UK

- Improves quality of segregated materials
- Improves recycling site image
- Secure frame to help prevent bin theft/vandalism
- To fit 660, 770, 1000, 1100, 1280 and 1300 litre 4 wheeled bins
- Aesthetic design, simple to use
- Durable galvanised steel or stove enamel paint finish
- Flexible bespoke designs to fit any mould of wheeled bin
- Single units in-line or back-to-back
- Ground fixing or paving slab tray option
- Tubular bar with pivots to allow front section to be raised to access the bin
- Finger-trap free safety catch to hold raised bar in position
- Padlock option keyed alike
- Ideal for sites where space and access is limited
- Popular for bulking recyclates in flats/apartments and in rural areas
- Optional box tray for resting kerbside containers or sacks - no need for bending
- Optional overhead laser cut metal signage or 5mm foam PVC signboard
- Supplied with handling, site selection, fitting and operating instructions
- Competitive pricing
